

Watch a HUMMER Drive Over LaZer Runner Equipment

Just how durable is LaZer Runner equipment?

It's tough. Very tough. A lot tougher than some of the fragile old-style infrared laser tag equipment on the market.

If you already own an FEC, you know that the equipment you purchase has to withstand a lot of abuse. It's no use purchasing equipment that is fragile. It will end up being a nightmare to operate and expensive to maintain.

Here's a tip...

Never purchase laser tag equipment that uses infrared (IR) technology. It is much too fragile. Infrared laser tag equipment is OBSOLETE. Move on to LaZer Runner laser tag equipment with durable and reliable i-LDT technology.

Durability has been the foundation of our success. It's the reason that...
